VOL. LXXX. NUMBER 12

ALVIN DEPNER, Des Plaines, died in this Volkswagen Saturday night after it was hit head-on by another car on Route 12 Saturday night.

## One Killed In Head-On Crash

Alvin Depner, 26, of Des Plaines, Ill., was killed Saturday night, September 11, when the car he was driving was struck head-on by a car driven by John Pulaski, 42, of Solon Mills.

A passenger in Depner's car, Kerry J. Ritzenthaler, 19, also of Des Plaines, was injured and taken to McHenry Hospital. Pulaski reportedly suffered only minor injuries.

The accident happened about 9 p.m. Saturday night, on Route 12 about 2 1/2 miles south of Richmond.

A witness said the car driven by Pulaski passed him at high speed. He said Pulaski apparently lost control of the car and swerved into the southbound lane of traffic, striking the car driven by Depner head-on.

Two weekend accidents in Lake County took the lives of two men, bringing Lake County's traffic death toll to 60 for 1965.

Arthur Schwind, 55, Downey Hospital, was killed when struck by a car Saturday night on Sheridan Road in Waukegan.

Bradley Davis, 18, Waukegan, was killed early Sunday morning when his car hit a culvert on Route 131. He was thrown from the car and crushed when it landed on top of him.

## Aftermath of Hurricane Betsy

The results of Hurricane Betsy touched the lives of Antioch residents Mr. and Mrs. John Burton, Lake Marie, last week.

The Burtons' daughter, Mrs. E. A. Leon, the former Joan Burton, lives in New Orleans, La. The Leons' home weathered the hurricane without too much damage—a few broken windows.

With the worst over, neighbors of the Leons decided to hold a neighborhood barbecue. Electricity was off, and refrigerators not working.

The Leons were at first hesitant to leave their house to join in, but decided it was the neighborly thing to do.

About fifteen minutes after leaving their home, from a neighbor's yard, they saw part of their home demolished by an explosion, presumably from a broken gas main. The fire that followed ruined most of their home.

The Leons are expecting their first child in about a month.

## Lutheran Church Selects Building Site

St. Stephen Lutheran Church, Antioch, has selected a building site for their new church.

The site is a 6 acre plot on the east side of Route 59, 3/10 mile south of Route 173. In presenting the site for approval to the congregation Pastor Wilton H. Anderson said, "This location is one of the highest hills in this area and it will allow the church to be seen from both Route 173 and Route 59. The proposed entrance to the property would be Hillside Road," Pastor Anderson added.

The Church Council at a special meeting this week approved a Venture goal of \$18,000 for a two year pledge period. The Council also OK'd an advance goal of \$15,000 and a must goal of \$12,000.

The congregation is presently engaged in a capital fund campaign under the direction of Mr. Alfred Klimesz of The Lutheran Layman Movement of The Lutheran Church in America. The program is under the sponsorship of the Board of America Mission of LCA. The Board started the Mission in Antioch in December 1964 and services are held each Sunday at The Community High School.

The theme of the building fund effort is "THE FUTURE IS NOW." Stanley C. Peterson is the General Chairman and Everett Oftedahl is serving as the Advance Visits Chairman.

The Visits Chairman is Elmer Whit, Norman Golden and Thor Peterson have been appointed Team Captains. Elroy Nelson is in charge of

## Page Reminds Schools State Aid Can Be Lost

Ray Page, State Superintendent of Public Instruction, has issued a bulletin advising School administrators to comply with the regulations established for use of school buses.

The reminder was issued as the result of a recent accident involving a school bus which was being operated illegally in transporting children to a summer swimming program. A child visiting in the district was killed.

Superintendent Page has placed the school district on a tentative non-recognition status.

Page said that failure to comply with the Illinois School Code on the operation of school buses will result in loss of recognition and state aid. School boards may not operate school buses except in connection with the regular school program when school is in session.

The board has no authority to lend or hire out its school bus to any organization or individual for any purpose.

The bulletin further points out that school buses may be used only for transportation of pupils to and from school; transportation of pupils to and from school sponsored activities in which pupils of the district participate (with a charge being made) and for school sponsored field trips in which actual class time work is being carried on.

Emergency legislation to include transportation of pupils by school buses to school sponsored activities was enacted by the recent General Assembly at the urging of Superintendent Page. Page urged the legislation as a safety precaution to eliminate.

## Coin Collectors Start A Club

Persons interested in coin collecting are invited to attend a meeting at the Antioch Savings & Loan Community room next Monday night, Sept. 20, at 7:30 p.m. Bill Campbell, Beach Grove Road, and Dave Carr, proprietor of the Coin Shop on Main St., are calling the meeting in the hope of forming a Coin Club.

## County to Get Voting Machines, Merit System

The purchase of electronic voting machines for Lake County was approved at Tuesday's meeting of the County Board.

Cost of the machines is estimated at about \$200,000. Individual cost of the machines is \$185, and they will be paid for over a five year period.

Supervisor R. Sandee suggested cutting down the number of precincts in the county, but the board decided to keep the present number of precincts.

Four machines will be used in each precinct. The same number of judges will be used in each precinct, as formerly, as will voting booths.

Lloyd Murrie, Antioch Township supervisor, was out of town Wednesday and could not be reached for comment on the several important decisions made by the County Board Tuesday.

Ronald Coles, Lake Villa Township supervisor, said that he felt the voting machines would speed up voting and would benefit the county, cost-wise, as the population grows.

Cost of the machines includes the services of experts when they are first used in programming and checking the machines. The experts also conduct a county-wide education program in the use of the machine.

The voting machines should completely eliminate spoiled ballots. Coles pointed out.

Storage of the machines while not in use was not discussed at the board meeting. Coles said. However, the machines are very compact, roughly 2 feet by 2 feet. Four of them fit into a ballot box.

The Board also set up a new Building Commission Tuesday, to study the feasibility, cost and necessity of proceeding with phases two and three of the courthouse complex. The commission will be made up of the chairman of each committee of the board, 13 members in all.

The merit system for the sheriff's office was approved and a three-man committee will be appointed to implement the system.

Supervisor Coles said he intends to hold a public hearing in Lake Villa township on the zoning ordinance which will be presented for board approval at the October meeting. He will set a date for the hearing, Coles said, when he gets a map showing the proposed zoning changes.

## Rescue Squad Calls For Past Week

Rescue Squad calls for the past week were as follows: September 8, Phyllis Kanier, Tiffany Apartments, taken to Victory Memorial Hospital; Sept. 11, Fred Willett, Channel Lake, taken to Victory Memorial Hospital following a heart attack.

Five young people were treated at the Antioch Clinic on Sept. 12, following a car accident on Route 173. They were Mary Voss, neck injury; August Ganzer, pain in chest; Henry Burger, cut ear; Tim Huecker, sore shoulder; Ron Wagner, cut right knee and Chuck Smith, cut right hand and soft knee.

Ella Lingenfelter, Cross Lake, was taken to Victory Memorial Hospital Sept. 12 following an apparent stroke; Wilbur Paulson, 2324 Mannheim Road, Melrose Park, taken to Victory Memorial Sept. 12 when he became ill; Sept. 12, Eloise Cortiz, Chicago, treated at the clinic after a hip injury in a bonding accident at Haling's Resort.

## Open House At Allendale Sunday

Allendale School for Boys at Lake Villa is celebrating its annual open house Sunday, September 19.

The school is a private, non-sectarian, interracial agency supported by the Metropolitan Crusade for Mercy. Fees from various courts and private placement agencies, as well as gifts from individuals, firms and foundations. The school also participates in the United Funds of Mundelein and Kenilworth.

Allendale is now in its 68th year of service for troubled boys, who are given special care, education and social rehabilitation.

Four auxiliary groups play an important role in supporting Allendale School. They are the Boys' Shelter Club, the Service League, the Fox Valley Auxiliary and

the First Society, a group of prominent single young men and women.

Edward M. Bertha, Jr., of Wayne, a trustee of the school, is general chairman of the event and will be assisted by John N. Garfield, Lake Forest, and Scott Elrod, Chicago. "Allendale Day" is sponsored by the school's Board of Trustees to acquaint the community and benefactors with the important work being done to help the 82 troubled dependent boys in the school.

The day's program will start at 2 p.m. and will include a softball game, boat races, and a tour of the school grounds and living quarters. Climax of the program will be chapel services conducted by the boys. More than 250 families are expected to attend and participate in these activities.

## Date of Public Hearing On New Zoning Set

A final hearing on the proposed changes in the Lake County Zoning Ordinance will be held on Thursday, September 30, starting at 9:30 a.m. in Room 305 of the courthouse in Waukegan.

Time of the hearings was set at Tuesday's meeting of the County Board of Supervisors. The board is expected to vote on the zoning change at the October meeting.

Copies of the revised amendments to the zoning ordinance are on display and open for examination at the office of each supervisor.

Antioch area residents will be able to examine the zoning amendments at Murrie's Standard Service at 950 Main Street.

Anyone interested may attend the September 30 meeting will be given an opportunity to be heard. The hearing will be continued from day to day if necessary.

The zoning amendments met with considerable opposition at the time they were first brought before the board for consideration. The amendment was revised and redrafted by the Lake County Regional Planning Commission, under the direction of the Zoning Committee. The amendment includes, among other things, provisions for the establishment and creation of new regulations, new use districts and the rezoning of all lands in the unincorporated area of Lake County.

Written communications received by the Zoning Board of Appeals before the conclusion of the public hearing will be read aloud at the hearing and made a part of the record.

JOHN L. HORAN, secretary for the Illinois American Legion Historians Association, presents the Legion's Medal of Valor to Illinois State Trooper, Corporal John J. Wells.

## Awarded Legion Medal of Honor

Corporal John J. Wells, Rte. 3, Antioch, an Illinois State trooper, was recently presented with the American Legion Medal of Valor for his

action in apprehending four men who had held up a food store in Twin Lakes.

Arrangements to present the medal to Cpl. Wells were made by John Horan, secretary for the Illinois American Legion Historians Association, with the assistance of Chester F. Newby, Adjutant for the Department of Illinois American Legion at Bloomington and the 1965 Commander, James O. Flukes.

The incident that earned Cpl. Wells the Medal of Valor happened on August 10, 1964. Wells, cruising on Route 173, west of Antioch, heard on his radio that a robbery had been committed at Twin Lakes by three men. A description of the car they were driving was given.

The car involved in the holdup passed Wells. He turned around and followed them to Stahl's Sinclair Service Station, where they pulled in to get gas. One of the men left the car and started talking to a woman customer.

Afraid the men would seize the woman as hostage, Wells pulled his gun and held the men until other troopers arrived.

## To Discuss Ambulance Service

Are ambulance services adequate in Lake County? What functions do rescue squads perform? These questions and others will be discussed on WKRS' "Viewpoint" program Wednesday, Sept. 15, from 4 to 5 p.m.

A study recently conducted by the Lake County Health Department—entitled "Ambulance and Rescue Services in Lake County"—will be discussed during the one hour radio program. Appearing on the program will be Henry Hollander, representing the Lake County Health Department, K. K. Hamsher, Fox Lake Mortician, and Sam Dada, Fire Chief of the Gurnee Fire Department.

Dr. Baker, Medical Director of the Lake County Health Department, said that the main purpose of the study was to determine the use made of ambulance and rescue squad services in Lake County. Information was also obtained about the equipment available. Training needs of personnel involved in handling the various emergencies was also studied.

Hollander, who has been responsible for gathering the research during this study, is a resident of Highland Park. Presently he is a junior medical student at Strich School of Medicine, Loyola University, and has spent the summer in an orientation program with the Health Department.

### A Big Problem

Disposal of sewerage is one of the biggest and most expensive problems facing the villages and cities of Lake County. And although its an individual problem for the homeowner who lives outside village and city limits, its still an expensive and difficult problem.

Much of the soil in the county is not suitable for good septic tank action. The result is a continual seepage of the overflow from drains. It's unhealthy and unsightly. As year-round residents have taken over what used to be summer homes in the numerous subdivisions around lakes, the problem grows. It's a problem that can't be solved by the individual homeowner.

The County Public Works Department has a long-range solution to the problem—a county-wide sewage system, with interceptor sewers picking up the discharge from town sewer systems as well as rural districts.

The expense of installing such a county-wide system would be tremendous, of course. There are many poorer areas of the county where the individual homeowner will fight installation of the sewer system simply because he can't afford it.

A crowded subdivision can hardly be called a rural area. A good sewer system should be at least as important in these areas as roads and telephones.

The county-wide sewer system will be slow in coming, no doubt. When and if it gets here it will solve a great many problems. The problem of sewage effluents in the lakes, for one thing. The Public Works Department long-range plans involve routing all the sewage into a river. The more rapid flow of the river would handle the effluent better than the lakes.

County-wide sewer systems would remove a good many health problems, of course. Property values would be higher in the rural areas. Individual homeowners would no longer have the expense of installing and maintaining unsatisfactory septic systems.

It may be a long time in coming, but it's time the people in the county were thinking about it.

### Don't Drag Your Feet

In every community, there are always a certain number of people who want a "free ride". They want to capitalize on the work of other people.

They're the people who won't join subdivision organizations, yet benefit from the good roads and other improvements their neighbors pay for; the parents who won't help with Scout, Little League or other activities, but gripe if there are no such organizations for their children to join; the merchants who won't join the Chamber and work to support their town, but hope to profit from the increased flow of business.

These people can usually give you a good reason for their action, or what they consider a good reason. They don't like a certain policy of the group, or they're too busy, or "they don't accomplish anything, anyway".

They're the very vocal minority who are always indignantly declaring "somebody ought to do something about that", but won't even lend moral support to the person who makes a move to correct the condition.

As long as these people remain a small minority, community affairs can go forward. Get too high a percentage of them in a community, and you're in trouble. The sheer weight of their inertia drags every project to a discouraging standstill.

You don't have to be "big wheel" to help make your community a better place to live in. If you can't be a leader, you can lend some kind of support to the man who is a leader. If you haven't time to attend every meeting of the PTA, or the Chamber of Commerce, or what-have-you, try to attend half of them. If you don't want to be in the parade, you can at least stand on the sidelines and cheer for the guy who takes the time and trouble to be in it.

If you can't help the wheels of progress roll, at least don't be the rock that stops them.

Your Congressman

By Cong. Robert McClary

Several measures which have been debated recently in the House of Representatives point up the conflict between the Executive branch and the Congress regarding matters of foreign policy.

In the House debates on the Immigration Bill, the Executive's foreign policy prerogatives ran head-on into the essentially law-making functions of the Congress.

By abandoning the national origins system of our immigration laws after more than 40 years, the Congress was anxious to accomplish three results: (1) to establish priorities by which skilled and professional personnel might have increased opportunities to immigrate to the United States; (2) to enable American citizens to be reunited with their parents, children and brothers and sisters from abroad; and (3) to establish an annual numerical ceiling for immigrants from the entire world.

The Administration acquiesced in a numerical ceiling insofar as European and Asiatic immigration was concerned, but disapproved originally of placing any ceiling on immigration from the Western Hemisphere. Although the Republican Members of the House referred to the critical population explosion occurring in Latin America and the danger from unlimited immigration from that area, the Democratic Administration and House majority succeeded temporarily in defeating the Republican move. The entire basis of the arguments in the House centered about American foreign policy and the sensitive feelings of the various Central and South American nations. American national interests and the primary prerogatives of the Congress in establishing a total annual ceiling on immigration were denounced by the Democrats. Suddenly, the Administration yielded, the denunciation of Congress was forgotten, and a Western Hemisphere became a part of the new law as an accepted element of immigration policy—adopted by the Congress.

In a subsequent bill authorizing elimination of tariffs on certain automobiles and automobile parts exported to and from Canada, the Congress was handed an agreement previously signed on January 16 by President Johnson and the Canadian Prime Minister. The arrangement distinguished between automotive parts intended for new vehicles and those intended as replacement parts with the replacement parts continuing to be subject to high Canadian tariffs. It appeared in the debates that the Congress would like the Administration to negotiate an agreement applicable to all automotive parts in order that there would be no discrimination between American parts manufacturers. Again the argument was made that the agreement handed to the Congress represented a measure in behalf of cordial relations between the United States and Canada. While the establishment of tariffs is a constitutional function of the Congress, the House of Representatives yielded on this issue and the bill validating the U. S.-Canadian Automotive Trade Agreement was approved by a substantial vote. After the vote, it was reported that "replacement parts" will be included in the Trade Agreement—later.

Conflicts in foreign policy have arisen also in other measures debated recently in the U. S. Congress, such as (1) the bills which approve sales of wheat and other goods to the Soviet Union and various Soviet satellite nations, (2) the foreign aid bill with its authority for foreign aid to the United Arab Republic, (3) the Coffee Agreement bill which amounts to an indirect subsidy of South American coffee, and in many other proposals which have come before this session.

Despite a general desire on the part of all Members of the Congress to support the Administration on foreign policy matters, the view is held by many that the Administration is not sufficiently firm in its relationships with other nations and not always consistent in the development and application of the foreign policy.

However, as long as foreign policy questions are intertwined with legislative measures, the fight between Congress and the Executive is bound to continue.

## Courthouse Notebook

BY LOU DURKIN

Despite the apparent determination of the Republican Party to commit political suicide at the national level through its splintering activities, party leaders at the state level are determined to achieve some semblance of unity as a first step towards regaining the ascendancy in the state. . . .

The "open primary" preached as the only democratic way to select candidates sounds good, but it makes victory in the general election extremely difficult. . . . The state GOP is borrowing a leaf from the Democrats' book of political success by trying to set up a method of selecting candidates for the state ticket without a great deal of intra-party squabbling that will leave the party split even after the primary. . . .

This has been tried at the local level in city elections, notably in Waukegan where a Waukegan Township Republican screening committee attempted to get unanimous backing for one candidate in the mayor's race. . . . Unfortunately the group wasn't strong enough to make its selections stick and its choices were faced with tough primary campaigns. . . . The endorsed candidate, Eugene McGaughey, won the nomination for mayor in a fight with Hollis Austin, the first candidate in the race, but so much campaign money and effort were expended getting the nomination there was little left for the general election. . . .

The state screening committee could also emerge with egg on its face if it fails to develop enough strength to make its decision stick. . . . The top spot to be in contention will be the Republican nomination for U. S. Senator, and then, of course, there will be the nominations for State Treasurer and Superintendent of Public Instruction. . . . As the incumbent State Treasurer William Scott cannot succeed himself, but School Head Ray Page will undoubtedly be slated without serious opposition. . . . Little action on the senatorial nomination can be taken, actually, until Charles

son of the U. S. House of Representatives. . . . Despite a general desire on the part of all Members of the Congress to support the Administration on foreign policy matters, the view is held by many that the Administration is not sufficiently firm in its relationships with other nations and not always consistent in the development and application of the foreign policy. . . .

However, as long as foreign policy questions are intertwined with legislative measures, the fight between Congress and the Executive is bound to continue. . . .

A short time ago, American drug manufacturers moved to fight a health disaster in Somali, resulting from months of famine and drought. ## Letters to the Editor

Sept. 9, 1965

Editor of the Antioch News: In case anyone is interested in knowing where Pinewood Lane is besides the one family living on it, here is a rough explanation of where it is. . . .

Pinewood Lane is the last street on the north end of Oakwood Knolls, running east and west, and is only two blocks long, from Lake Cross, east shore to the west end of the Benedict Abbey's farm. . . . As it is a dead end corner, the only road that leads to it is Bridgwood Drive, as far north as you can go. . . . As far as we know there is only one residence in Oakwood Knolls with a Pinewood Lane address. . . .

Yours truly,  
M. & E. Guntz

To the Editor: I have been reading the various bills being signed in to law by Governor Kerner and am convinced that the members of neither branch of the Legislature, Senators nor Representatives, give a hoot about the taxpayers of this state. . . . This session, with a Democratic House and a Republican Senate proves to us voters too, that neither party gives a hoot about the taxpayers of this state either. . . .

Democratic House members and Republican Senators blame the opposite party for vicious legislation. They may be able to convince themselves that the other party was responsible, but don't let them kid us! Remember, every bit of legislation passed—good, indifferent or horrible—had to be condoned by both parties or it would never have passed the Legislature. . . .

No bad bill which the Governor signs would have reached his desk if both parties had not contrived to put it there. . . . The Republican Senate and the Democratic House voted themselves a 50% pay raise from \$6,000 to \$9,000 a year. The Legislature is in session 6 months of that 2 years and they can collect \$18,000 for that! . . . The Democratic House and the Republican Senate passed permissive tax increases that allow school boards to raise the transportation tax from 2c to 8c and the educational rate from 64c to 84c without referendum. For example, Waukegan citizens could find 9c more on their educational. . . .

To paraphrase an old equinox saying, "In the fall a sand and gravel man's thoughts most likely turn to politics." . . . At least this seems to be the case of former Coroner Robert H. (Mickey) Babcox, who has been in charge of operations at the A-1 Sand and Gravel Co., since his "retirement" from office. . . .

While Babcox has most frequently been mentioned as a possible candidate for Sheriff there is a good chance he will enter the GOP primary next spring as a candidate for County Clerk. . . . County Clerk Gar Leaf has long been considered a potent vote getter in Lake county, but, as Babcox points out, he hasn't really been tested in recent years. . . . Leaf has been elected to three county offices, treasurer, coroner, and county clerk, but with the changes that have taken place on the Lake County political scene in recent years he may find it more difficult to garner votes than he has in the past. . . .

Another sand and gravel man, Chuck Miller, of McHenry County, is also finding his thoughts straying to matters political, but not so much as a candidate for office himself. . . . Miller, a long-time power in McHenry County politics, has the feeling that the state senator from the new district that will embrace eastern McHenry County and part of Lake County should come from our neighboring county to the west. . . . A multi-candidate race for the Republican nomination could find a strong McHenry aspirant emerging as the victor. . . .

A short time ago, American drug manufacturers moved to fight a health disaster in Somali, resulting from months of famine and drought. Fourteen drug firms donated \$126,004 worth of antibiotics, sulfas and other products in response to an appeal for the American Red Cross. A previous Somali request sent to communist countries, notably Red China reportedly yielded only scant supplies of medicine. . . .

tax rate next year, even though they defeated a raise in the educational tax rate in two referendums!

The Republican Senate and the Democratic House passed a bill to allow counties to issue bonds to construct or renovate courthouses and to levy and collect a tax on every piece of taxable property in the county to meet the cost—again without referendum. . . .

The Democratic House and the Republican Senate passed another bill allowing counties to construct exhibition halls and to levy a 5c tax for this purpose—again no referendum. . . .

These are not party bills—these are bills which could not have become law unless both parties, Democrat and Republican voted for them and against us, the taxpayers. . . .

If we are to get decent government officials, it behooves us, next election, to look at past individual voting records, not at the party label of the office seeker. We should rid ourselves of the legislators who voted for the bills just discussed. We need legislators in Springfield who will respect the intelligence and economic rights of the taxpayers who assume the obligation of the cost of all phases of government. . . .

Just recently our legislators have passed a 5c state tax on telephone bills. . . . Mrs. Helen Baruffi Waukegan, Ill.

## FREEDOM OF THE PRESS

Miamisburg, Ohio, News: "The American press, from the local level to the national scale, has in just recent years, come under its heaviest attack for its coverage of crime news. More specifically, the question is . . . Should more restrictive measures be placed upon the press in its pre-trial reporting? We don't think so, because we believe the public's right to know is most important in a free society." . . .

total cost.

The report points out that if Lake County does not operate a junior college, any student in the county who desires may go to the junior college of his choice and the high school district from which he goes will have to pay the tuition. This means that the school districts will pay for a junior college whether one is operated in the county or not.

Some of the advantages of having a junior college in Lake County, Ingram pointed out are: many young people need a two-year rather than a four-year higher education; many will choose the two-year course for economy reasons; it will be a commuter college and the students will live at home; it will make the first two years of college available even to those crowded out of the bigger schools; and the whole package will be at a lower cost to the taxpayers.

Regular services at Millburn Congregational Church Sunday, Sept. 19; Church and Sunday School at 10 a.m.

The 125th Anniversary of the Millburn Congregational Church was celebrated with a banquet held at the Millburn School on Saturday evening, Sept. 11. About 325 guests were present at the banquet. Mr. Robert Denman was master of ceremonies and Mrs. Russell Doolittle read several letters of greetings by former pastors of the Millburn Church, also a word of greeting and a prayer by Dr. Richard Martin of Los Angeles, California and a letter of greeting from Mr. Dittman of the Antioch High School.

Invocation by the Rev. Delbert Shrag of the Ivanhoe Church. Guest speaker, the Rev. Charles Hoskinson, pastor of the First Congregational Church of Glen Ellyn. Greeting from Dr. Ben Herber of the United Church of Christ. Vocal Trio by Virginia Weigle, Betty Hallen and Grace Coash, and skits by the various organizations, The Pilgrim Fellowship, The Social Club, The Myto Club, and the Ladies Aid Society, and the benediction by the Rev. Arthur Koch of the Mundelein Cong. Church.

Sunday morning, Sept. 12, also Home Sunday, services were held at the church and the Rev. Melvin Frank, pastor of the LaCrosse, Wis., Cong. Church was guest speaker. Rev. Frank was pastor of the Millburn Church at the time of the 100th Anniversary celebrated 25 years ago. Rev. William Caughran, pastor of the Austin Cong. Church, read the Scriptures and a prayer was said by the Rev. James R. Smucker, Associate Conference Minister. After the services a pot luck dinner was served in the church dining room. The service and the dinner was very well attended and all enjoyed meeting friends from far and near.

The Devotional Study Group met at the home of Mrs. Bert Doolittle Thursday morning. The next meeting will be at 9 a.m. Thursday, Sept. 23, at the home of Mrs. Charles Lucas.

Dr. Richard Martin and Mrs. Grover Linn of Los Angeles, Calif., were weekend guests at the home of Mr. and Mrs. Carl Hughes.

Mrs. Frank Hauser was a Sunday dinner guest at the home of Mr. and Mrs. Clarence Hauser, Paris Corners, honoring her granddaughter, Doreen's 4th birthday.

Mr. and Mrs. James Bonner and family of Kansasville, Wis., were callers at the home of Mrs. Harley Clark Sunday afternoon.

Mr. and Mrs. John Edwards and daughters, Susan and Lynn of Libertyville and Mrs. Eva Ailing of Waukegan were callers at the home of Mrs. Frank Edwards Sunday afternoon.

Miss Cheryl Denman, daughter of Mr. and Mrs. Robert Denman, left Tuesday to enter the Evanston School of Nursing at Evanston.

Rev. and Mrs. Melvin Frank of LaCrosse, Wis., were over night guests Saturday at the home of Mr. and Mrs. James Cunningham of Deep Lake.

## For-Mors Join Barbershop Show

Barbershop Quartet enthusiasts will be treated to an unexpected pleasure Saturday, Sept. 26, at 8 p.m. in West Campus Auditorium of Waukegan Township High School, at McAree & Brookside in Waukegan.

Show Chairman Frank Morrison announced that the For-Mors Quartet from Madison, Wis., will replace the Gold Coast Four in Little Fort Chapter's Third Annual Show in Barbershop Style. One of the members of the Gold Coast Four has accepted a job in New York, leaving the foursome three-voiced.

Perhaps best known for their impersonation of the famous Ink Spots, the For-Mors also have other accomplishments. The quartet is the only one in the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., that does not use a pitch pipe or other musical instrument to obtain the pitch for each song. One of the members has perfect pitch. The quartet was organized in 1940 with the same personnel it has now. The For-Mors is the only quartet in the Society to have sung together that long with no change in members.

Also appearing on the show Sept. 25 are the 1965 International Champions, the Four Renegades; a comedy foursome, the Mid-Nite Oilers and Little Fort Chapter's Lakelanders Chorus.

## STREET DANCE HELD FOR LAKE VILLA RESCUE SQUAD BUILDING FUND

By Bernice Bernau

Fun and music filled the air on Cedar Avenue in Lake Villa Sunday evening (Sept. 15) when a street dance was held with the Lake Villa Rescue Squad Builders receiving the proceeds. For the sixth year Bob Dunlap has sponsored the event.

About 150 people attended the event, with several purchasing "bricks" for a donation of \$3.00 or more. The sum of \$202.70 was raised during the evening, bringing the grand total to \$7,627 raised in the past two months by the volunteer workers. It is estimated that \$12,000, including labor, will be needed to build a new building to house the rescue squad equipment.

Saturday, September 18, 18, the annual dance for the benefit of the Rescue Squad will be held at the Lindenhurst Civic Center. A free will offering will be the price of admission.

Other fund raising events being planned for the future are a rummage sale on Friday and Saturday, October 15 and 16, at the Lake Villa Grade School.

## ACHS Student Council Has Busy Summer

While most students at Antioch High were vacationing all summer, student council members continued their task of planning and discussing future school activities. Several individual committee meetings were held plus two general meetings.

Homecoming, the council's largest fall activity, was discussed and planned. After the submission of several ideas, "Sequoit Song of Victory" was chosen as this year's theme.

Most homecoming events will be held on the week-end of October 16. The council urges as many merchants and community organizations as possible to participate in this event by window decoration and/or parade entries.

The summer months have also provided time for a few other council achievements; among these are the near completion of a new council constitution and aiding the matriculation of nearly 1,000 students attending the high school this year.

Perhaps the greatest achievement of the summer months was obtaining the school's second American Field Service student. She is Beatriz Munoz from Colombia, South America. Beatriz is staying in the home of her host family, the Art Meyers.

Finally, a word for all the hungry sports fans: the student council has purchased a new popcorn machine to ensure delicious refreshment during the fall and winter sports events coming soon.

## Employers Must Deposit Taxes By September 15

Many employers have an important Federal tax deadline in September, according to District Director of Internal Revenue E. C. Coyle, Jr. Employers liable for income tax withholding and social security taxes in excess of \$100 for the month of August must deposit such taxes in a depository by September 15, Mr. Coyle said.

Deposits accompanied by Form 450 must be made in a Federal Reserve Bank or an authorized commercial bank. Circular E, "Employer's Tax Guide," which furnishes detailed information on this subject, is available upon request from the Internal Revenue Service.

## Cars Lead In Cause of Death

Violent death, either by accident, homicide or suicide, accounted for two out of every three "teen-ager" deaths in the state last year, according to Dr. Franklin D. Yoder, director of the Illinois Department of Public Health.

Of the total 745 deaths in the 15 to 19 age group, 580 were assignable to five leading causes: accidents, 387; cancer, 65; homicide, 57; pneumonia, 36, and suicide, 35. Of these five causes, only cancer represents a classification that is generally considered not "preventable."

"In other words," Dr. Yoder said, "seven out of every 10 of these deaths could have been avoided by one means or another. Further, it is safe to venture that one-half of all death among teenagers can be prevented by the teenager himself, either through his own control or through his direct influence on others."

In the accidents that claimed more than half of the young lives, 253 were motor vehicle fatalities. In most instances, the victim could have prevented his own death, either by more careful driving or by his own influence on the driver of the car.

## Reservists To Practice on Rifle Range

Troops of Lake County's 337th Regiment of the Army Reserve will undergo training with the M14 rifle on Sunday, Sept. 19, on the Marine Rifle Range at Great Lakes Naval Training Center.

Local men in the 337th Regiment are Sgt. William J. Wilton, 984 Victoria St., Antioch; Sgt. William W. Nannan, rural Antioch, and PFC. Michael J. Wolff, Park Ave., Lake Villa.

The firing is an annual maneuver for county reservists who are headquartered at the Army Reserve Center in Waukegan.

Training will begin at 7 a.m. and continue until about 4:30 p.m. The citizen soldiers will be served a noon meal on the grounds adjacent to the range.

Reservists will be firing from the prone, sitting, kneeling, squatting and standing positions. Those who qualify will be rated as experts, sharpshooters or marksmen.

In just one year (1963), the Chicago Heart Association reminds us the number of Americans who died of cardiovascular diseases (981,680) exceeded the number killed in all the wars of our country's history—from the Revolutionary War right through the Korean War (602,339).

## Price of Stamped Envelopes Goes Up

To halt an annual \$3.3 million loss in the postal envelope sales service, the Post Office Department today announced an immediate increase in the price of printed and plain stamped envelopes.

Under the law, stamped envelopes must be sold at not less than cost. The increase became effective Saturday, September 11.

Excluding postage, the price of plain envelopes sold in box lots of 500 will be increased about 10 per cent. For less-than-box lot sales the price will be raised one cent per envelope, to two cents above postage.

The cost of printing return addresses on envelopes is being increased as follows: For orders of 1,000 or more, from

\$2.50 to \$4.00 per 1,000 and minimum orders of only 500 envelopes are being increased from \$1.25 to \$2.25.

Over-the-counter sales, or small quantities of envelopes account for a substantial amount of the loss being eliminated by the envelope price increase.

During Fiscal Year 1964, the Post Office Department sold about 2 billion stamped envelopes producing about \$17 million in revenue.

Gas dryer  
savings,  
I love you.

XXXXXX

You'll never get flowers from an automatic gas dryer, but you'll appreciate almost as much the sweet smell and soft, fluffy feel of clothes dried in a gas dryer. And you'll love the savings, too.

Gas dries clothes for 1/4 the cost of other types of dryers. You save up to 4¢ a load. That certainly adds up, week after week. For the average size family, it adds up to almost \$20 a year! Considering the long life of gas dryers, you can actually pay for one on the operating savings alone.

And think of the time you'll save! No more lugging heavy laundry loads out to the line. No weather worries. No time lost on washdays; because a modern gas dryer will easily keep up with your washer.

Start a love affair with a new gas dryer. (We haven't had a jealous husband yet!) Pick a model at your Northern Illinois Gas Company or appliance dealer's soon.

## Kerkhoff-Kosar Wedding Held In New Munster

Miss Jean S. Kerkhoff became the bride of Dennis G. Kosar at St. Alphonsus Catholic Church in New Munster with the Rev. Peter Grabauskas officiating at the 11 a.m. ceremony.

The bride is the daughter of Mr. and Mrs. Henry Kerkhoff, Rte. 5, Burlington, Wis. The groom is the son of Mr. and Mrs. Milton Kosar, Rte. 4, Box 339D, Antioch.

The bride wore a gown of nylon organza and lace with a scalloped sash neckline trimmed with sequins and pearls, and long tapered sleeves. The bouffant skirt had a chapel length train featuring back ruffles. She carried a cascade of pink roses and white carnations centered with a rose corsage.

Mrs. Earl Johnson was matron of honor, Miss Nancy Kosar and Miss Barbara Kerkman were bridesmaids. The attendants wore floor

length gowns of turquoise beau taffeta with scoop necklines and elbow length sleeves. The sheath skirts featured detachable bell controlled overskirts. They wore matching double crowns of hairbraids and pearls and carried crescent bouquets of white carnations, camellias and pompons.

Miss Diane Crowley was flower girl and Mark Kosar was ring bearer.

Donald Kerkhoff served as best man. Earl Johnson and Raymond Harr, Jr., were groomsmen. Jerry Kosar and James Crowley ushered.

A wedding dinner was served at the White Oaks restaurant. A reception for 250 guests was held at the Fox River Gardens at 6:30 p.m.

Mr. Kosar is serving in the U. S. Air Force. Mr. and Mrs. Kosar will reside in Las Vegas, Nev.

## Murrie-Slater Wedding At St. Ignatius Church

Miss Marilyn Murrie became the bride of William K. Slater Saturday, September 11 at St. Ignatius Episcopal Church, Antioch. The Rev. Theodore A. Bessette performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Lloyd Murrie and the groom is the son of Mr. and Mrs. Fred Pullen of Antioch.

The bride, given in marriage by her father, chose for her wedding a floor length gown of silk chrome-spin and re-embroidered Alencon lace, with a bodice fashioned into an oval neckline and long tapered sleeves; a controlled skirt edged in scalloped lace, sweeping into a chapel length train. Her headpiece was a circlet of pearl and aurora borealis with imported illusion, bouffant veil. She carried a bouquet of white roses and stephanotis centered with a white orchid.

Miss Paula Weiss served as maid of honor, Miss Mary Kay Jarvis, Miss Bonnie Van Patten and Miss Sue Smejkal were the bridesmaids. Their dresses were created of orange crepe in a slim skirted

style topped with orange brocade jackets. The maids' head pieces were matching bows with blusher veils. To complete the picture they carried bronze spider mums accented with oak leaves.

Michael Murrie, brother of the bride, served as Mr. Slater's best man, while Ronnie Gable, Cliff White and Bernie Smith were the groomsmen.

The bride's mother chose a mint green brocade dress with matching coat and a color matched hat, and selected green cymbidium orchids in her corsage. The groom's mother was attired in a pink crepe dress and matching hat, with a white cymbidium orchid corsage.

A reception was held at Lorenz's Smart Country House following the ceremony.

Both Mr. and Mrs. Slater are graduates of Antioch Community High School. Mrs. Slater attended Illinois College at Jacksonville, Ill., and is a graduate of Bryant and Stratton Business College at Milwaukee, Wis. Mr. Slater attended Carroll College at Waukegan, Wis. They plan to make their home in Milwaukee.

Mrs. Minnie Kostock

## Retires From Illinois Bell

Mrs. Minnie Kostock, Rte. 3, Antioch, retired from the Illinois Bell Telephone Company recently, after more than 25 years of service.

During those years, Mrs. Kostock has served as an operator in Chicago, Antioch, and at her retirement in Libertyville.

Mrs. Kostock is a member of the Telephone Pioneers, a civic organization for veteran employees. She and her husband, Paul, have one daughter, Mrs. Jim Haskett, and a son, Paul, both of Chicago. They have five grandchildren.

A luncheon and office tea honoring Mrs. Kostock, were held on September 9.

In her retirement, Mrs. Kostock plans to travel and to pursue her gardening interests.

## Where The Boys Are

UNITAS VI, Sept. 1—Marine's Mate Fireman, Apprentice George P. Wilson, USN, son of Mr. and Mrs. Bert Wilson of Route 2, Antioch, is participating in operation "Unitas VI" aboard the destroyer escort USS John Willis, aboard the Panama Canal Sept. 2, with naval forces from the United States and Colombia, completing phase one of the exercise.

"Unitas VI", a nine nation operation, with participating units from the navies of eight South American countries and the United States, is designed primarily to increase the readiness of Western Hemisphere countries to combat submarine warfare.

Having completed the Atlantic phase of the operation, U. S. and Colombian naval forces will be joined in the Pacific by ships from Peru, Ecuador and Chile for the Pacific phase.

As the task forces circumnavigate the South American continent, it will be joined by additional anti-submarine warfare forces from Venezuela, Colombia, Ecuador, Peru, Chile, Argentina, Uruguay and Brazil.

Over eleven thousand men, 28 ships and ten air squadrons will participate in the Pacific phase of the operation.

U. S. ARMY, VIET NAM—Specialist Five Thomas B. Ring, son of Mr. and Mrs. Blaine Ring, Route 3, Box 827, Antioch, was assigned Aug. 27, to the U. S. Army, Vietnam, as a military policeman.

Specialist Ring entered the Army in November 1963, received basic training at Fort Knox, Ky., and was last stationed at Fort Hood, Tex. The 24-year-old soldier is a 1950 graduate of Antioch High School and was employed by American Motors in Kenosha, Wis., before entering the Army.

It has been said that the bigger a man's head, the easier it is to fill his shoes.

The curtain is going up on the fifth season of P.M. & L. activities and from all indications it should be a busy and exciting season. We are most happy to announce that it has been made possible for us to remain in our theatre and from that spot on Main Street "just off Broadway" we hope to bring you good, live theatre.

Our winter season has been chosen and will consist of three plays—all of them very different from anything yet produced. "Dark of the Moon," a fantasy, will be presented October 29, 30 and November 5 and 6. "Little Mary Sunshine," a musical comedy, will sound forth on January 14, 15, 21 and 22. "On Borrowed Time," a comedy, is scheduled for April 15, 16, 22 and 23. Season tickets will be on sale in the very near future for these three plays.

We hope to present various "Showcase Productions" throughout the winter and a special production for children is scheduled for sometime during the year.

The annual meeting was held last Sunday night and the following officers were elected: Ken Smouse, president; Garret Oddsen, secretary; Art Doty, technical director; and Wes Camp and Bob Koenig, directors. Those officers of the corporation who remain in office are: Joe Hunley, vice-president; Art Bucar, treasurer; Lucille Evanoff and Valerie Hunley, directors.

A new event of our calendar is the upcoming First Annual Awards dinner at Lorenz's Country House on Sept. 26. That night, members, season members, patrons, angels, life members and advertisers will gather for our own version of the Academy Awards.

Now, a big notice to all people interested in acting, set design, make up, lighting, or anything pertaining to the theatre. Come to the tryouts for "Dark of the Moon" this Thursday and Friday at 8 p.m. at the P.M. & L. Theatre on Main St. We want to see you there!

## Campus News

George Anzinger, the son of Mr. and Mrs. Joseph Anzinger of rural Antioch, will be returning shortly to the University of Wisconsin School of Engineering at Madison.

George will be in his second year of working for a degree in Electronics Engineering. He graduated from Antioch High School in 1960, and spent four years in the Navy as a Fire Control Technician, 2/c.

### Governor Proclaims Year of The Bible

Governor Kerner has proclaimed 1966 as the "Year of the Bible" for Illinois.

The action is in recognition of the 150th Anniversary of the American Bible Society. The Society is the largest non-profit organization in the U. S. responsible for translating, publishing, and distributing the Bible.

The American Bible Society was founded in 1816 during a period of irreligion to provide Scriptures for churches and the population moving westward.

The proclamation notes that the missionary activities of the American Bible Society "contributed significantly to the cultural development and strength of our citizenry."

The State of Illinois is one of fifteen states which have proclaimed 1966 as the "Year of the Bible."

## BOWLING WITH THE STARS

by Dave Soutar AMF Staff of Champions

### Accidents in Bowling

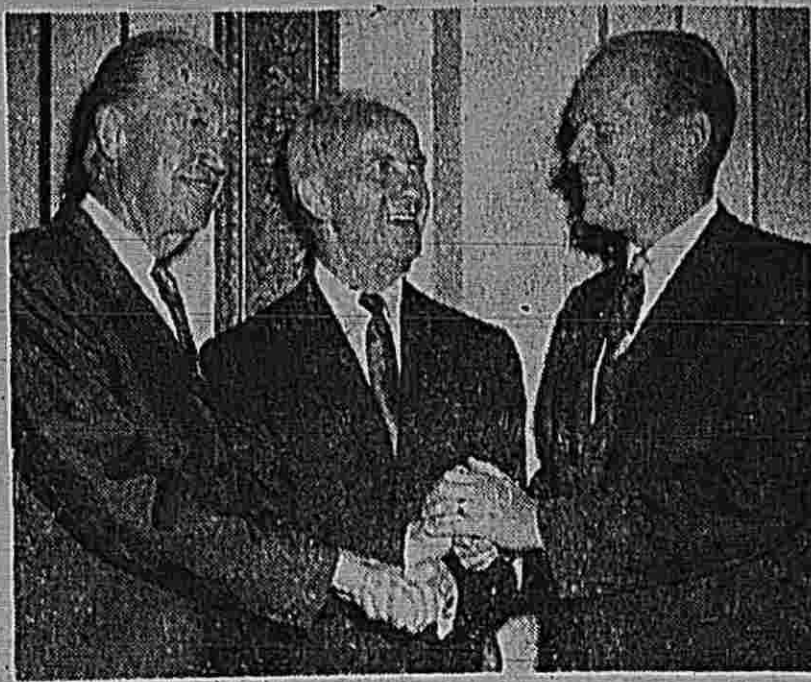

Since bowling is not a sport involving body contact, accidents are rare.

An accident may occur at the ball return when a bowler picks up the ball improperly. The proper way to pick up the ball is to place your hands on the outer sides of the ball, keeping your fingers away from the ball on either side of yours. Get into the habit of picking up the ball properly and with the weight evenly distributed and you will eliminate any accidents at the ball return.

Never pick up a ball with

the fingers in the ball. You are picking up dead weight when you do this. As a result the arm will tire quickly and subsequently, your game will suffer.

I suggest that you check the approach at the foul line for foreign matter to insure that you can slide easily and that there is nothing on the lane to cause you to stick or fall.

CONGRESSMAN GERALD FORD of Michigan, Congressman Robert McClary, Lake Bluff and Congressman Leslie Arends will be at the Republican Leadership Dinner on October 16.

Over 4,000,000 Americans walk in their sleep.

Despite the fact that sleepwalking (somnambulism) is quite common, it never JUST HAPPENS. There is usually a reason.

Some sleepwalk because of a physical need or brain damage. But most somnambulists have an emotional problem such as feelings of guilt, fear or other anxieties which upset their sleep-regulating machinery and set their body in motion.

Although all age groups are susceptible to sleepwalking, it occurs most frequently during adolescence—an age of emotional frustrations and self-doubt. Any suppressed anxiety—sex, failure in school, parental rejection, a desire to run away from home, and even lesser worries—can cause one to act out his conflict in a "dream in pantomime."

Mr. Wertz had served as treasurer of the Wilmot Fire Department, and had been a member since 1939. He owned and operated Wertz Sand and Gravel Pit at Wilmot for the past 27 years. He was preceded in death by a daughter, Mrs. Naydean Elbert and an infant son, Wayne.

### DEATH NOTICES

#### WILLIAM WERTZ

Mr. William M. Wertz, 75 years old of Wilmot, Wis., died Thursday, Sept. 9, at 9:30 a.m., while working in his gravel pit at Wilmot.

He was born Feb. 16, 1890 at Fond du Lac, Wis., the son of John and Elizabeth Wertz. He had lived in Kenosha before moving to Wilmot in 1933. He married Minnie Schmidt on August 7, 1915, at Oshkosh, Wis. They had celebrated their 50th wedding anniversary last month. He was a 46 year member of Engineers Union Local No. 139 in Milwaukee.

Survivors are the wife, Minnie, two sons, Melvin, Tinley Park, Ill.; Raymond, Long Lake, Wis.; three daughters Mrs. Joe (Jeanette) Rausch, Mrs. Lyle (Arlene) Teichert, Mrs. Norman (Joyce) Roberts, all of Wilmot; two sisters, Mrs. Jim (Flora) Jackley, Mrs. Henry (Lora) Smith (both of Fond du Lac); 13 grandchildren and 6 great-grandchildren.

Funeral services were held at 2 p.m. Saturday, Sept. 11, from the Strang Funeral Home, Antioch. Pastor George Enderle of the Peace Ev. Lutheran Church at Wilmot officiated. Interment was in Wilmot Cemetery.

### To Help Muscular Dystrophy Fund

A neighborhood carnival for the benefit of the Muscular Dystrophy Fund will be held Sept. 18 at Barlow's Photos, 434 Orchard St., in Antioch.

The girls sponsoring the affair got the idea while watching TV personality, "Pops." He is promoting carnivals on his "Pop's Theater" children's show.

Every year, Americans eat new record amounts of cheese. In 1964 the average per capita consumption was close to 9 1/2 pounds per person.

## "Golden Rule" For Children's Health

Those "dear old Golden Rule days" are here again—with a difference. Since our own school days, a new rule has been added.

That is the almost universally-observed rule that every child entering school for the first time have a physical checkup—by the family physician if possible, or by the school doctor. For many children, this is often the first comprehensive physical examination since infancy.

These pre-school examinations may provide some disconcerting moments for parents of children in whom a heart murmur is detected. The Chicago Heart Association notes, "Yet the doctor will usually tell them their children will outgrow the murmur, and need no special care or restrictions."

These are the well-known "innocent murmurs" of childhood, so common that more than half of any group of 100 youngsters is likely to have them at some time. These heart sounds usually appear between the ages of three and seven and generally disappear in adolescence.

The term "murmur" is used to define unusual sounds produced as the blood circulates through the valves and chambers of the heart and heard through the stethoscope. Doctors speak of two classes of murmurs, which are harmless; and organic murmurs, which may indicate the presence of a heart ailment or defect.

Hearing what sounds to him like an innocent murmur, the family doctor may sometimes refer the child to a heart specialist for additional checking, to make doubly certain of his diagnosis. Even if the cardiologist should want to re-examine the child from time to time, this is merely conscientious practice, and should cause no anxiety.

For the child with an innocent murmur, the doctor's instruction to "let her play with other children without restriction" should be taken and followed seriously, the Chicago Heart Association

emphasizes. The worried parents who may be tempted to reject this advice—risk making "cardiac cripples" out of essentially normal, healthy children, which an innocent murmur can't do.

A murmur diagnosed as "organic" is quite a different matter, however; in such cases, the child should be under the provision of a doctor, who will prescribe treatment to improve or correct the underlying heart condition. (It may be an inborn

defect which did not make itself apparent at birth or during infancy; or it might reflect the presence of infection or anemia.)

Parents of children with both types of murmurs have an especially important role to play in their children's development. Offering reassurance rather than anxiety can make the difference between psychological health or invalidism.

Fear of the diagnostic procedures—fluoroscopy, electrocardiography, blood sampling—can be intensified by the worried expression of an anxious mother. Even the child with an organic mur-

mur should not be overprotected; instead, parents must help these children to live with their limitations without excessive fear or self-pity.

Teachers and other school officials should be kept informed of each child's health status, so that they may cooperate with doctors and parents in the regime prescribed for pupils with all kinds of heart conditions.

COACH ROY NELSON goes over a few instructions to his charges in preparation for their opening against Salem High School Friday.

## Grid Opener Friday Night At Salem

As the Sequoits began their last week of practice before their season opener Friday night at Salem, the squad is healthy and no injuries sustained, reports Coach Roy Nelson.

"We got some more good news this week," he added. "Terry Eckert and Don Zeman are going to be able to start playing again. Eckert, a 155 pound guard, could help us a lot, and Don Zeman will work out at quarterback backing up Tom Blackburn."

"Salem is small but they're a scrappy outfit judging from what we saw last week,"

Nelson commented. The Falcons lost to Wilmet High School last Friday night.

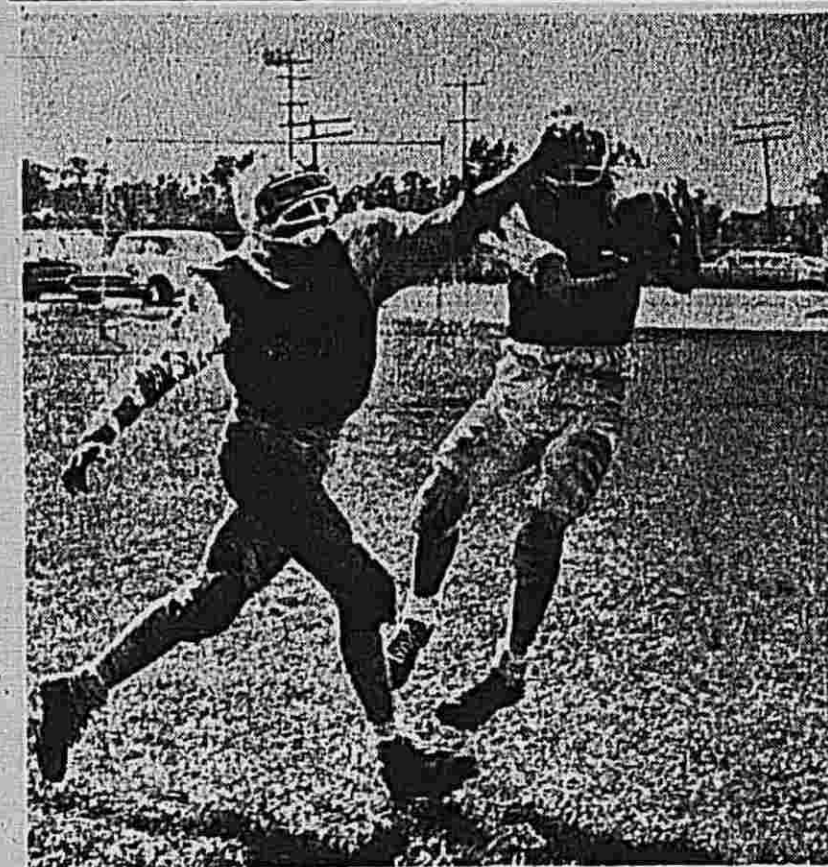

"I particularly liked this boy, Flaschner," Nelson added. "He's 5' 9" and 170 pounds and did a real fine job for them at middle line-backer and tailback. This boy Rick Cook did a good job at center for them, too."

"We expect to learn a lot Friday night. We have been hampered all season thus far in that we haven't been able to run the first unit together at the same time. We are pretty thin with only 32 boys on the squad and so far we have been running the

left side against the right to give the boys as hard competition as possible."

Probable starting lineup for Friday's game:

Fred Gras, 180, Jr. LE  
Bill Meyer, 215, Sr. LT  
Don Mason, 160, Sr. LG  
Brad Ipsen, 198, Sr. C  
Steve Loblillo, 152, Jr. RG  
Frank Dowling, 225, Sr. RT  
Mike Sterbenz, 193, Sr. RE  
Tom Blackburn, 185, Sr. QB  
Dave Fabry, 180, Sr. HB  
Karl Hawkins, 161, Sr. HB  
Tyrone Walls, 205, Jr. FB  
"Jim Litchfield has been coming along rapidly in practice," Nelson added, "and could be starting at one half-back spot."

MIKE STERBENZ (right) gathers one in at a recent practice session.

## Harris Gets Checkered Flag Twice At Speedway

Duane Harris won two events in the Waukegan Speedway modified stock car program, setting a new ten lap record in his heat race and then piling up nearly a quarter lap lead in the action-packed feature. Norm Zenko powered his Buick convertible home first in the late model feature, becoming the eleventh different late model feature winner of the season.

Action was fast and furious in the modified feature. While Junior Dodd held the lead in the fourth lap, Don Sorce spun and the cars piled up behind him with Gino Wagner finally crawling partially over Sorce's racer. He two blocked the fourth turn, and forced the red flag to be thrown.

Two laps later Dodd lost the lead to Bob Ratajezyk while Wagner and Bill Schultz spun in the third turn and at the same time as Roger Otto and Sorce locked bumpers in the fourth turn.

Harris caught Ratajezyk in the 9th lap, but it was six laps later before Harris finally squeezed by on the outside. In the final ten circuits, Harris never let off and he beat John Reimer to the finish line by nearly a quarter lap. The wins boosted Harris to third among the point leaders.

The late model feature was a wild affair with numerous pile-ups and spins. The most spectacular accident was one involving Bernie Schlegel, Jim Luther and Dennis Burgan. Schlegel's car spun around in the fourth turn, nearly flipped, then fell onto

Luther's Ford and neatly ripped the left front fender and door off. Zenko piloted his powerful Buick convertible to his first feature win of the season.

Racing will continue on both Saturday and Sunday night again next weekend at the Speedway. Sunday night, October 3, will be the modified season's championship event, with a 50-lap feature scheduled. The raindate for this race will be the following Sunday night.

## Sustaining Members Of Little League

For years, the Antioch Little League has led a "hand-to-mouth" existence. As President John Waring says, "We spent money when we had to, then hoped we could raise it to meet bills."

Little League officers decided to do something about it, and started a drive for "sustaining members." Sustaining members contribute financially to the support of the Little League.

The following have recently become sustaining members of the Little League by virtue of donations: Ted C. Larson, Russell Lasco, Sr., Mr. and Mrs. Elmer Hunter, John Romper and Loren D. Sexauer.

## Jones Victor In Track Thriller

Odell Jones pushed his Ford convertible to a narrow victory over Jim Cossman in the trophy dash Saturday night, suffered car damage in a spectacular fourth heat crash, but returned to cop the Waukegan Speedway Saturday night feature event in near record time.

As is so often the case, cool weather brought out a large field of racers, 51 late models, and produced some of the wildest racing of the season.

Delain Doles jumped into the feature lead with the drop of the green flag, but Pop Kline slipped by two laps later when Doles' car went out of control and raced directly toward starter Frank Pinter. Jones, moving up steadily after a high-speed tangle with Cossman in the second lap, powered by Wayne Morgan and Willie Winchester to challenge Kline on the 11th lap.

Two laps later Jones streaked into the lead to record his second consecutive Saturday night win. Two compacts chased Jones to the finish line. Winchester's Falcon in second and Dennis Burgan's Lark barely edging Dale Coates for third in the final 100 feet.

Many Accidents in Preliminaries

A preview of the evening's action was furnished by Butch Sadowski as he did a snap double roll in the fourth turn midway through the time trials. Soon thereafter Joe Vess picked up a Miracle Generator roll-over trophy as he flipped quickly in the number one turn of the first heat. Neither driver was injured.

The second heat was full of action as Tim Seyl, Jim Luther, Jim Clark, Jim Pasley, Al Lucas John Kassner and Warren Buxton all piled into the homestretch wall in a violent seven car wreck.

Jim Ford came on strong in the final laps and torqued his newly built, hemi-powered, automatic transmission Dodge convertible by Seyl in the final lap.

Colorful Sonny Rivers scored a very popular victory in the third heat. The fourth heat matched the top dozen qualifiers and was hotly contested all of the way.

Jones, Morgan, and Al Gutche all tangled in the sixth lap as they battled three abreast to the lead. Jones and Morgan bounded clear, but Harold Gutche rammed into his spinning brother and Ken Becker piled into both. Becker's Chevy bounced clear, but burst into flames as it slid into the infield. Quick action by the safety crew extinguished the inferno and Becker escaped injury.

Finally Cossman was declared the winner of the event after leaders Jones and Morgan tangled in the fourth turn and crashed into Dale Coates, blocking the homestretch.

Ray Dixon won both his heat race and the twenty car semi-feature, but Jones out-

## Little League Banquet To Be Next Thursday

The annual Little League banquet, honoring boys in baseball, will be held at 6:30 p.m. Thursday, September 23, at The Angels. Principal speaker will be Glen Beckert, second baseman for the Cubs.

Awards will be given to champion and runner-up teams of the Little League, champions of the Senior League, the managers and sponsors of the teams and to the graduating Little and Senior League players.

Highlight of the evening will be the Sportsmanship award which will be presented to the boy whose conduct best typifies the principles of Little League baseball.

## Sequoia Cross-Country Squad Starts 1965 Season

The Antioch cross country squad opens its 1965 campaign on Thursday (today) at Round Lake. This year's squad is the strongest in Antioch's four-year cross country seasons.

The harriers have four returning lettermen. Back from last year's third-place team are: Tom Wojnowiak (one of the top runners in the conference), Del Church, Jim Sorenson, and Tom Thompson, all seniors.

Antioch will go into the Round Lake meet having Tom Wojnowiak, senior; Tom Doolittle, junior; Jim Mair, freshman; Bill Effinger, sophomore; and Del Church, senior, as its five top runners. Backing up this group will be seniors Jim Sorenson and Tom Thompson, along with Dave Comstock, junior transfer from Grant.

Also included in the varsity squad is junior Blaine Backman who has an injured foot. Coach Mueller expects Backman will give even greater strength when he joins the squad. Coach Mueller is pleased with the progress of the Antioch squad thus far. He is particularly impressed with the progress of Tom Doolittle, Jim Mair and Bill Effinger.

On the frosh-soph squad Mike Polley, sophomore; Ray Frank, freshman; John Bjork and Dave White, sophomores; and freshmen Gary Doolittle and Chuck Denman will carry the load into the first meet.

The harriers' first home meet will be Saturday morning at 9:30 when they play host to North Chicago. The two mile course is on the athletic field.

## State Fishing Tourney Starts This Week

Qualifying for the 1965 Illinois fishing tournament finals started Monday, Sept. 13, on Channel Lake and Lake Catherine.

Headquarters of the meet is again Barney Shummeson's Channel Lake Boat House. Shummeson's Resort is about 2 miles west of Antioch on Route 173, on the southeast shore of Channel Lake.

The tournament will run for thirteen days, with the final fishoff on Sunday, Sept. 26. Resident licensed anglers 16 years or older, are eligible to compete. There are no entry fees. Fishing must be done from boats and anglers must register at the Channel Lake Boat House before going out. Registrations will be accepted from 6 a.m. daily.

Five previous champions will be seeded into the finals of the tournament. They are George Kraymer, McHenry, last year's champion; Lew Simon, 1963 champ; Don Nichols, 1962; Harold Smiley, 1961 and Bill Hoffman, 1960.

The winner will receive a trophy donated by the Channel Boat House and will qualify to represent Illinois in the World Series of Sport

## INFLUENZA SHOTS URGED

Widespread outbreaks of influenza are expected in many parts of the U.S. this fall and winter, warns the U. S. Public Health Service's Advisory Committee on Immunization Practices. The committee recommended influenza shots as soon as possible after Sept. 1, especially for the following people:

Pregnant women; those with heart disease, rheumatic fever, bronchopulmonary diseases, diabetes mellitus, persons over 45 years of age.

Among the high-risk groups are people who live in institutions such as nursing homes or chronic disease hospitals. Crowded living arrangements, the committee notes, may allow for faster spread of the disease once an outbreak occurs.

Since it takes two weeks after vaccination for antibodies to develop, it would be wise, they add, for immunization to be started well ahead of the time the disease hits a community.

ROBERT BUDOVEC, Antioch, caught this Northern Pike in Loon Lake last week.

## Local Hunting Dogs Win Honors At State Field Trials

Lew Simon and Richard Olson, both of Antioch, are pointing with pride at their hunting dogs this week. Both men's dogs were high on the list of winners in the meet held last Sunday at the Wing and Fin Club.

Simon's dog, Jodi, a 15-month-old Vizsla, took first in the Derby Dog class, and fourth in the Amateur Shooting Dog Stakes. Both competitions were limited to dogs 15 to 24 months old.

Richard Olson's Cuki, the mother of Jodi, was second in the open Gun Dog Stakes. His Lucky, a brother of Jodi, took second in the Derby Dog class.

Vizslas are a fairly rare hunting dog breed, and both owners belong to the Vizsla Club of Illinois. The Illinois Club held Sunday's meet. Thirty-four dogs from all parts of Illinois competed in the field trials.

Simon is looking forward to entering Jodi in another meet coming up in about four weeks at the Sportsman's Club in McHenry. "This one will be for all German pointers,"

## Snags 40-in. Northern

Robert Budovec, of Rte. 2, Box 264B, Antioch, caught his first Northern Pike last Wednesday night and it was a beauty—a 40-inch fish weighing 14 pounds.

Robert had been angling for a Northern for five days. He taught the big Northern on a 7-inch sucker, using a spin casting rod. He was fishing about 2½ feet deep, he says, near a bunch of lily pads.

He pulled the fish into the boat with his landing net. Robert was afraid he was going to lose his prize, and asked his companion in the boat to grab the fish, but his friend declined. The fish poked his head through the net after they got him in the boat—scratch one net.

Robert was fishing in East Loon Lake. He's going to mount the big fish himself and hang it on the wall of the Red Arrow Inn, near where he caught it. At present the fish is in his freezer—he had to bend it double to get it in.

## Find Improved Corner Eyecatching

George Camphousen, secretary of the Chamber of Commerce, took a survey recently in connection with the improvement of the corner of Lake and Main Sts. in Antioch.

He asked each one the question, "How do you like the improvements made on

this corner by the Chamber of Commerce?"

All the following declared the corner was attractive and a great improvement: Ethel Mueller, Trevor, Wis.; Mrs. John Kakacek, Antioch; Deedie Tiffany, Waukegan; Basil C. Bucaro, Round Lake; David Mitchell, Antioch; Wilma Dyson, Lake Villa; Mrs. Elaine Castro, Mt. Prospect; Mrs. Helen Castro, Norridge; Mr. and Mrs. D. Jack-

son, Chicago; Mrs. Joseph Haisman, Rt. 5, Antioch. George didn't record their individual comments.

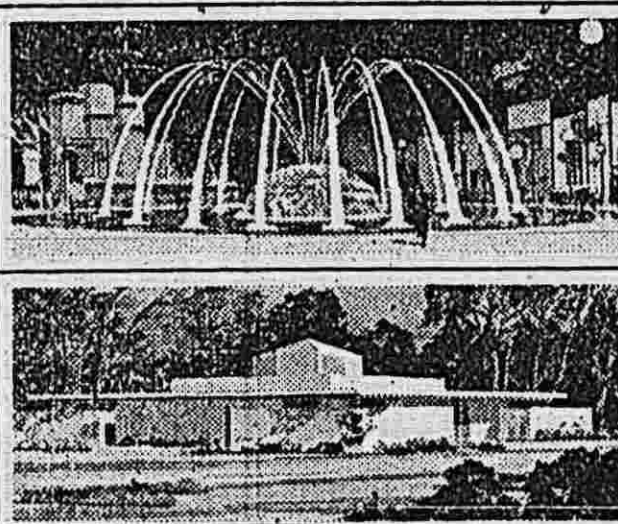

Mrs. Helen Bilek, Cicero, said, "You just can't help but notice it." Miss Jacqueline Nowicki, Cicero, found the corner "eyecatching."

Salaries for commerce graduates of U. of I. topped the national average last year.

changes of organization stat-  
ed in the following resolu-  
tion:

BE IT RESOLVED:  
That the stock holders of  
the State Bank of Antioch,  
Illinois, do hereby declare it  
advisable that the Certificate  
of Incorporation of said bank  
be amended and do hereby  
amend said Certificate of In-  
corporation (Charter) so that,  
as amended, it shall read as  
follows:

FIRST: That the par value  
of the stock shall be Ten  
(\$10.00) Dollars per share.

SECOND: That new stock

of not less than Two Hundred  
Sixteen Thousand (\$216-  
000.00) Dollars nor more than  
Two Hundred Forty Thou-  
sand (\$240,000.00) Dollars, to  
be offered to the share  
holders of record as of Sept.  
1, 1965 and that said share  
holders of record as of that  
date can purchase the new  
stock at the ratio of one (1)  
new share for each two and  
one-half (2 1/2)-shares of con-  
verted stock, and that the  
purchase price of said new  
stock shall be at the rate of  
Thirty (\$30.00) Dollars per  
share.

THIRD: That capital be in-  
creased in the amount of  
Eighty Thousand (\$80,000.00)  
Dollars.

FURTHER RESOLVED:  
That the officers of the  
State Bank and the Secretary  
of the Board of Directors  
file and record with the De-  
partment of Financial Insti-  
tutions a Certification of the  
Resolution authorizing the  
amendments, and that the  
Secretary forward to the De-  
partment of Financial Insti-  
tutions Form No. B-505 duly  
completed, signed and sealed  
with corporate seal.

All statutory requirements  
having been complied with,  
aforesaid changes became  
legally effective Sept. 1, 1965.

## WHO PAYS EVENTUALLY?

Charleston, Mo., Enter-  
prise-Courier. "A graduating  
senior asked this question in  
a recent panel discussion:  
'What's wrong with relying  
on government for our eco-  
nomic welfare?' This is a  
good question and one that  
deserves a straightforward  
answer... there is both a  
moral and a practical reason  
why we should avoid looking  
to and relying on govern-  
ment for our economic wel-  
fare. Such avoidance may at  
times call for a real display  
of courage and wisdom, but  
it is man's only long-term as-  
surance that his government  
will remain an impartial ser-  
vant instead of becoming a  
fearful master."
